

XTONE

L'azienda dispone di un'ampia gamma di finiture e spessori, che consentono al materiale di adattarsi a **qualsiasi ambiente e applicazione**.

È specializzata in superfici di grande formato e offre due linee di prodotti:

- Pietra sinterizzata XTONE
- Pietra naturale Altissima

Le superfici di grande formato XTONE sono diventate una delle **soluzioni più complete per i professionisti**: marmisti, architetti e interior designer.
