SURFACES

EVOLUZIONE

Marazzi è stata fondata nel 1935 a Sassuolo, in un'area che sarebbe diventata il polo all'avanguardia a livello internazionale nella creazione di piastrelle di ceramica di pregio e cresciuto nei decenni insieme all'azienda.

RICERCA

SPERIMENTAZIONE

Fin dalle sue origini, Marazzi ha dedicato importanti risorse all'attività di ricerca e sviluppo, producendo al proprio interno, o in collaborazione con i principali fornitori di impianti e macchinari, la tecnologia necessaria per realizzare i propri prodotti, sviluppando un significativo know-how tecnologico all'interno del Gruppo.

GRAFICA DI ALESSANDRA DI DEMETRIO

A photograph of a wall and floor made of marble. The wall is composed of large rectangular tiles with a complex, multi-colored pattern of brown, orange, grey, and white veins. The floor in the foreground shows a similar pattern, with some tiles having a more pronounced orange and brown color scheme. The lighting is soft, highlighting the natural texture and variations in the stone.
